The Haub School of Business is a component of the University which is administered by the Dean. The School of Business offers both graduate and undergraduate degrees. At the graduate level, Master of Business Administration (M.B.A.) and Master of Science (M.S.) programs are offered. Undergraduate programs of the School lead to the degree of Bachelor of Science in Business Administration. The Haub School of Business serves the needs of both the traditional-aged and continuing education undergraduate normally enrolled in the evening. Associate degrees and certificate programs also are offered in the evening through the Haub Degree Completion Program.

### Adult Learner Certificate Programs

- Certificate in Business Administration
- Post-Baccalaureate Certificate in Accountancy
- Post-Baccalaureate Certificate in Risk Management and Insurance

### Our Custom-Built Wall Street Trading Room

Saint Joseph’s University has a tailor-made trading room where students experience firsthand exposure to financial concepts such as portfolio...
construction, risk management, and financial engineering. This facility—the first of its kind in the Philadelphia region—is just another example of how real-time experiential learning is incorporated into the classroom.

The room’s electronic ticker and LCD Panels display ongoing, real-time market activity and stock prices, while a tri-color board provides students with current financial information and graphics. The trading room at Saint Joseph’s, designed by Rise Trans-Lux Corporation, gives students the opportunity to apply and practice financial analysis and risk management skills before entering the high-tech business arena. Students use both current and historical information in the classroom, which is the same information used by portfolio managers in their day-to-day business.

When graduates of Saint Joseph’s University become practitioners, they can immediately use their experiences from the campus trading room in their professional careers. This technology ensures an effortless transition between the academic world and the professional world.
