MARKETING

Mission
The Marketing Department offers a rigorous education in the theory and practice of Marketing that provides students with the knowledge, skills and experience they need to stand out from the crowd in today's ever-changing and challenging marketplace. With concentrations in General Marketing, Sports and Entertainment Marketing, and Advertising and Promotions, students can hone their skills in specific disciplines while making industry connections.

SJU graduates leave Hawk Hill with a well-rounded knowledge base of ethics, strategy, global commerce, technology, analytics and more, that will make them more versatile and desired in their chosen fields. A Marketing degree from Saint Joseph's University opens the door to successful careers in communications, sales, consumer products, retail, sports, entertainment and health care to name a few. Many graduates return to Hawk Hill to recruit current students to carry on the tradition of SJU student achievements.

Want to get involved? The award-winning student chapter of the American Marketing Association is a great a way to start. The AMA hosts many Marketing-related events on campus, including networking panels, industry guest speakers and service projects. Or try the campus radio station—Radio 1851—or its record label—1851 Records (founded by professor and former radio executive Dr. David Allan)—to get experience in Entertainment Marketing. The Sports Marketing Club puts students in touch with sports executives from all aspects of the business and also hosts many networking events and field trips.

SJU Marketing students interact with a diverse faculty comprised of world-renowned scholars, industry experts and corporate executives, all of whom are dedicated to developing our students both in and out of the classroom. Our strong industry ties offer ample "real world" experience via guest speakers, field trips, case studies and internships.
